Insights gathered from the tax customer satisfaction research in Ghana

13 July 2022

STUDY OBJECTIVES

The aim of this research is to examine the performance of the Ghana Revenue Authority (GRA) and provide insight into Ghana taxpayers' needs.

OBJECTIVE #1 - CONDUCT A BASELINE READ OF GRA CUSTOMER SATISFACTION

Measure and understand the current performance and areas for improvement of the GRA services.

This will serve as a baseline read of customer satisfaction for the GRA, from which can be used to determine if any improvements made after 6 months (recommended) have had an impact on customer satisfaction across various focus areas.

OBJECTIVE #2 - UNDERSTAND CUSTOMER PERCEPTIONS OF THE GRA

Understand existing customers' perceptions of the GRA, including their likelihood to take desired actions (such as filing taxes) and barriers to those actions.

The aim is also to understand the needs of taxpayers better, as well as identify the skill gaps on the part of GRA employees..

STUDY DETAILS

Type of Research:	Quantitative Approach
Length of survey:	10-minute survey
Methodology:	CATI surveys: ▪ CATI (computer aided telephonic interviews) surveys are administered through GeoPoll-trained call centre interviewers based locally. ▪ GeoPoll's mobile application for interviewers facilitates a simple interviewer flow and faster data collection on any smartphone or tablet.
Screening Criteria:	Must fulfil at least 1 of the following: 1) Submitted/filed a tax return in the past year with the Ghana Revenue Authority (GRA) OR 2) Attempted to submit a tax filing with the Ghana Revenue Authority (GRA) in the past year OR 3) Registered with or contacted the Ghana Revenue Authority (GRA) in the past 6 months
Demographics:	▪ Age: 18-49 ▪ Nationally representative sample across counties, age groups and gender
Languages:	English & Twi
Fieldwork dates:	14 April - 10 May 2022

KEY FINDINGS

SNAPSHOT 1 - CUSTOMER SATISFACTION

These are **BASELINE** findings which will be used as a benchmark for customer satisfaction and customer perceptions in future waves. The recommendation is to repeat the survey **every 6 months** to continually and consistently do a pulse check on customer satisfaction in Ghana.

OVERALL SATISFACTION OF SERVICE DELIVERY - Overall satisfaction is generally high at 71%

- Across area offices, satisfaction of service delivery is highest in Accra Central (82%) and lowest in Koforidua (60%).
- The GRA needs to focus on small business owners (in the retail/ecommerce or professional services sector) where overall satisfaction of service delivery is lower at 68%.
- Younger business owners have less interaction with the GRA when filing tax returns or updating taxpayer details.

SPEED OF SERVICE DELIVERY - Satisfaction of speed of service delivery is slightly lower at 68%

- The satisfaction of speed of service delivery is consistent across all customers (across all demographics).
- Customers are happier with processing time (highest in Accra South), and less happy with queuing times (although more satisfied in Accra South).

SATISFACTION OF SERVICE DELIVERY ELEMENTS

- 71% of customers are happiest with politeness and courteousness of the GRA staff (especially in Takoradi at 80%) and least happy with knowledge on complaints procedures (consistent across all customers).
- Service delivery elements most important to customers include: user friendliness of GRA's online and social media portals; clarity of information communicated by the GRA; and professionalism of staff and devotion to customer service.

SNAPSHOT 2 - CUSTOMER PERCEPTIONS

PERCEPTIONS OF GRA STAFF

- Customers are most happy with the **competency of staff to handle customers, politeness in handling customers** and **willingness of staff to finding solutions**. They are less happy with employees performing services right the first time.
- Spontaneously, customers feel that the GRA needs to improve mostly on **educating the taxpayer** (more so in Ashanti), giving prompt and clear information to customers, as well as customer service.
- Customers agree most that the GRA **must do more to show citizens what taxes are used for** (86%), citizens who cheat on taxes must be held accountable (74%) and it is a citizen's duty to pay taxes (73%).

TOUCHPOINTS

- 67% of customers are most aware of the GRA Taxpayer Service Centre (consistent across all customers) and are least aware of customs offices at 35% (mostly females) and social media at 32%.
- Similarly, the GRA Taxpayer Service Centre is the most used (65%) and social media (15%) and customs offices (11%) are the least used.
- Customer satisfaction is highest with the GRA Taxpayer Service Centre, the GRA website and the Ghana Government Web portal.

BARRIERS TO FILING ONLINE

- The biggest barrier to filing online is poor process instructions which affects 29% of customers (however less of a barrier in Accra West).

DESIRABLE SERVICES FOR TAXPAYER SERVICE CENTRE OFFICES

- In future, 80% of customers would like periodic alerts for deadlines, a toll-free number for queries (79%) and for the GRA website to provide personal tax information (68%).

SATISFACTION LEVELS

BASELINE SATISFACTION PERCEPTION INDEX

This is a snapshot of the satisfaction ratings overall, for overall speed, speed of service delivery elements as well as touchpoint ratings.

Top 2 box scores have been used = Extremely satisfied + somewhat satisfied

1

User friendliness of GRA's online and social media portals	66%
Timeliness of GRA's service delivery and response	63%
Knowledge on complaints procedure	62%

3

SPEED OF SERVICE DELIVERY ELEMENTS

Processing time	65%
Time between arrival and departure	59%
Queuing times	54%

4

SATISFACTION OF TOUCHPOINT RATINGS

Ghana Revenue Authority Website	79%
Ghana Government Web Portal	78%
GRA Taxpayer Service Center	73%
Customs Offices	69%
Social Media Platforms	67%
WhatsApp / SMS	66%

OVERALL SATISFACTION – SERVICE DELIVERY

Q14. How would you rate your overall satisfaction with the service delivery of your Taxpayer Service Centre (TSC)?

Most respondents are extremely somewhat or extremely satisfied (71%) with the service delivery their Taxpayer Service Centres. Across area offices, overall satisfaction is rated highest in Accra Central (82%) and lowest in Koforidua (60%).

Base: Total n=1000

Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)
Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

SATISFACTION OF SPEED OF SERVICE DELIVERY

Q18. How would you rate your overall satisfaction with the speed of service delivery of your Taxpayer Service Centre (TSC)?

More than a third of respondents are extremely satisfied or somewhat satisfied (68%) with the speed of service delivery of their Taxpayer Service Centre.

Base: Total n=1000

Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)
Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

SATISFACTION OF SERVICE DELIVERY ELEMENTS

Q15. How would you rate your overall satisfaction with the service delivery of your Taxpayer Service Centre (TSC) on the following.

Most are satisfied with the politeness and courteousness of GRA staff (71%), the user friendliness and ease of finding information (69%), the clarity of information communicated by the GRA (69%) and the professionalism of staff and devotion to customer service (69%).

Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)

Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

SATISFACTION OF SERVICE DELIVERY ELEMENTS

Q15. How would you rate your overall satisfaction with the service delivery of your Taxpayer Service Centre (TSC) on the following.

The remaining service delivery elements include technical knowledge of GRA staff (69%), user friendliness of GRA's online & social media portals (66%), timeliness of GRA's service delivery and response (63%) and knowledge on complaints procedure (62%).

Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)

Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

SPEED OF SERVICE DELIVERY ELEMENTS

Q19. How would you rate the following on speed of service delivery?

Processing time has the highest top 2 box (somewhat or very satisfied) rating (65%), followed by time between arrival and departure (59%) and queuing times (54%).

Base: Total n=1000

Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)
Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

TOUCHPOINT RATINGS

Q26. How would you rate your experience with these touchpoints from the Ghana Revenue Authority [GRA]?

The GRA authority website is the touchpoint with the highest top 2 box rating (very satisfied and somewhat satisfied) (79%), followed by the Ghana government web portal (78%), GRA service centre (73%) and customs offices (69%).

▲ Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)

▼ Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

TOUCHPOINT RATINGS

Q26. How would you rate your experience with these touchpoints from the Ghana Revenue Authority [GRA]?

Social media platforms such as Twitter/Facebook (67%) and WhatsApp/SMS (66%), have lower levels of satisfaction and could potentially be focussed on to improve customer ratings.

Base: Total n=1000

Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)
Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

GRA PERCEPTIONS

BUSINESS OWNERSHIP

20% are business owners, which is much lower amongst 18-29-year-olds (12%) and much higher among 40-49-year-olds (33%). Most are small sized business with less than 50 employees (93%). Main sectors include retail or e-commerce (23%), business or professional services (21%) and transport/shipping & logistics (9%).

Q9. Are you a business owner?

Q11. Which sectors does your business operate in?

Q12. When you interact with the Ghana Revenue Authority, is it mainly for...

Base: Total n=1000

Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)
Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

MOST IMPORTANT ELEMENTS OF SERVICE DELIVERY

Q16. In your opinion, which of the following is the most important when thinking about the service delivery of your Taxpayer Service Centre (TSC)?

Most important service delivery elements for respondents include user friendliness of GRA’s online and social media portals (22%), clarity of information communicated by the GRA (22%) and professionalism of staff and devotion to customer service (18%).

Base: Total n=1000

CONSUMER PERCEPTIONS OF GRA STAFF

Q20. When thinking about the Ghana Revenue Authority [GRA] staff, which of the following would you say you are happy with?

Respondents claim that they are most happy with the competency of staff to handle customers (63%), politeness in handling customers (62%) and willingness of staff to finding solutions (59%).

Base: Total n=1000

Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)
Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

GRA IMPROVEMENTS

Q21. In your own words, please tell us how the Ghana Revenue Authority [GRA] or your local tax service centre can improve on its service delivery to you.

Spontaneously, the main areas of improvement for the GRA or local tax service centres are educating the taxpayer, prompt and clear information and customer service.

Base: Total n=1000

Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)
Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

TAX PERCEPTIONS

Q22. When thinking about tax in general, which of the following statements do you agree with?

The main tax perceptions respondents agree with are that the GRA must do more to show citizens what taxes are used for (86%), citizens who cheat on taxes must be held accountable (74%) and it is a citizen's duty to pay taxes (73%).

Base: Total n=1000

Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)
Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

TOUCHPOINTS

TOUCHPOINT AWARENESS

Q24. Which of the following service channels are you aware of from the Ghana Revenue Authority [GRA]?

The GRA Taxpayer Service Centre (76%), GRA website (75%) and Ghana Government Web portal (69%) are the service channels respondents are most aware of from the Ghana Revenue Authority.

Base: Total n=1000

Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)
Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

TOUCHPOINTS EVER USED

Q25. Which of the following service channels have you ever used from the Ghana Revenue Authority [GRA]?

The main touchpoints respondents have ever used are the GRA Taxpayer Service Centre (65%), the GRA Website (63%) and the Ghana Government Web Portal (58%).

Base: Total n=1000

Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)
Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

TOUCHPOINT CONVERSION

Q24. Which of the following service channels are you aware of from the Ghana Revenue Authority [GRA]?
Q25. Which of the following service channels have you ever used from the Ghana Revenue Authority [GRA]?

The main touchpoints with good conversion rates are the GRA Taxpayer Service Centre (86%), the GRA website (84%) and the Ghana Government Web portal (84%).

Base: Total n=1000

ONLINE INTERACTIONS

ONLINE INTERACTION

Q23. Do you use any of the following when conducting business online or paying for services?

Whilst conducting business online or paying for services, respondents are mostly paying for personal or house-related bills (59%), paying for products or services from online retailers/ suppliers (58%) and using online banking for personal or business-related expenses (57%).

Base: Total n=1000

Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)
Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

BARRIERS TO FILING ONLINE

Q27. Which of the following prevents you from filing online?

Most respondents claim that nothing prevents them from filing online (35%) and others claim that poor process instructions (29%) and a faulty website (27%) prevent them from filing online.

Base: Total n=1000

Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)
Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

DESIRABLE SERVICES FOR AREA OFFICES

Q28. Which of the following services would you be interested in if offered to you by your Taxpayer Service Centre?

Respondents would be most interested in services such as periodic alerts for deadlines (80%), a toll-free number for queries (79%) and GRA website that provides personal tax information (68%).

Base: Total n=1000

Green denotes significantly higher than TOTAL at a 95% confidence level (2 tailed)
Red denotes significantly lower than TOTAL at a 95% confidence level (2 tailed)

THANK YOU!

iGeoPoll

APPENDIX

DEMOGRAPHIC PROFILE

**Demographics have been mostly aligned to be as nationally representative of the market as possible*

ACTIVITIES COMPLETED BY CUSTOMERS

The main activities completed by customers are registering with or contacting the GRA in the past 6 months (71%), submitting or filing a tax return in the past year with the GRA (65%) and attempting to submit a tax filing with the GRA in the past year (56%).

DEMOGRAPHIC BREAK DOWN by AGE AND GENDER						
	TOTAL	AGE GROUP			GENDER	
		18-29	30-39	40-49	MALE	FEMALE
BASE	n=1000	n=319	n=473	n=208	n=592	n=408
